CELERIE KEMBLE

Author of Island Whimsy, Celerie Kemble's work has, for over 22 years, included homes and commercial spaces across the United States and the Caribbean, many of which have been featured in Architectural Digest, House Beautiful, Veranda, Elle Decor, Traditional Home, Luxe, Florida Design, Better Homes and Gardens, Country Living, The Wallstreet Journal, the New York Times, and more. Celerie is known for her professional versatility in terms of budget, location, and style, and for her clever mix of pragmatism and beauty. Never one to dismiss nuance or drama, Kemble seamlessly engages both forces to create dynamic and comfortable rooms. Celerie Kemble's line of cement tiles with Sabine Hill are colorful, whimsical, and practical, and reflect her signature "Palm Beach girl at her core" look. They are one of her most effective tools to achieving her personality filled interiors!
